The “Different” Worlds of Children and the Families

12 December 2014

Plovdiv, Bulgaria

The conference *The „Different” Worlds of Children and the Families* meets young scholars from Bulgaria, Germany and USA working in the fields of Social Anthropology, Sociology, Ethnology and Architecture, studding the problems of Children and Childhood, Families and Mobilities/Migrations. The focal points of discussion are *differences*: of identities construction discourses, of networking, of transnational mobilities and interactions with institutions.

The problematic challenges us to rethink:

- Various approaches and methodologies;
- Conceptualizing fieldworks;
- Transnational and/or comparative studies of children, childhood, and family.

Host institution: Department of Ethnology, Faculty of Philosophy and History, Plovdiv University “Paisii Hilendarski”.
